SACRED HEART CATHEDRAL CHOIR SCHOLARSHIPS 2019

The present Cathedral Choir was founded in 1857, for the opening of the stone St Kilian's Church and moved to Sacred Heart Cathedral when it opened in 1901. The choir stands proudly in the great tradition of Catholic church music, its repertoire ranging from Gregorian chant to compositions by contemporary composers, some specially composed for it.

Sacred Heart Cathedral Choir scholarships are offered by the Diocese of Sandhurst to support the liturgical music program of the Cathedral and diocesan liturgies.

The scholarship scheme provides an opportunity for girls and boys with appropriate musical talent to receive an academic schooling of the highest quality at the region's finest Catholic schools, alongside an exceptional musical education at the Cathedral.

ELIGIBILITY

To be eligible to apply for these scholarships, girls and boys must normally be enrolled in a Catholic Primary or Catholic Secondary School in the Bendigo region.

Holders of these scholarships are usually educated at Catholic College Bendigo, Marist College Bendigo or Catholic primary schools in the Bendigo region. Alongside their involvement in the musical and spiritual life of the Cathedral, scholarship holders also contribute, as students, in the musical life of their schools.

SELECTION

Scholarships will be awarded on the basis of an audition, and students must satisfy normal entrance requirements of their school. The audition will include the singing of Silent Night, Happy Birthday & Advance Australia Fair, ear tests where a candidate has to sing back notes played to them, as well as a short reading of a simple story. Candidates who play (or intend to play) a musical instrument are well suited to the challenges of a cathedral chorister.

DURATION OF SCHOLARSHIPS

Subject to annual review of musical and academic performance, and demonstration of the appropriate level of commitment and participation, choral scholarships extend to the completion of Year 12 at a Catholic Secondary School in the region.
